Mission & Vision

Mission:

Deliver tailored maritime consultancy services that prioritize safety, efficiency, and environmental protection for Canada's marine and oil industries.

Vision:

To become a cornerstone of Canada's maritime sector, offering integrated solutions that enhance port safety, sustainability, and logistics excellence.

Core Services

- Maritime compliance auditing & safety inspections
- OCIMF SIRE 2.0 vetting & pre-vetting preparation
- Marine accident investigation & root-cause analysis
- Offshore & harbor towage planning and barge operations
- Environmental protection & pollution-prevention consulting
- Crew training, competency assessment & workshops

- Ship chandlery and logistics advisory

Strategic Rationale for Canada

- Establishes a **specialized maritime consulting base** in the Great Lakes region (Toronto & Hamilton).
- Provides **in-country expertise** required by Transport Canada and industry clients for safety and environmental compliance.
- Creates **Canadian jobs** and enhances local training capacity for marine professionals.
- Promotes **green operations & pollution control** aligned with IMO and Transport Canada standards.

Economic Impact

Initial Jobs (Year 1): 4

- 2 Compliance Auditors
